# **ATRenew Inc. Reports Unaudited Second Quarter 2022 Financial Results**

SHANGHAI, August 24, 2022 /PRNewswire/ -- ATRenew Inc. ("ATRenew" or the "Company") (NYSE: RERE), a leading technology-driven pre-owned consumer electronics transactions and services platform in China, today announced its unaudited financial results for the second quarter ended June 30, 2022.

#### **Second Quarter 2022 Highlights**

- Total net revenues grew by 14.9% to RMB2,145.7 million (US\$320.3 million) from RMB1,867.7 million in the second quarter of 2021.
- Loss from operations was RMB168.2 million (US\$25.1 million), compared to RMB507.3 million in the second quarter of 2021. Adjusted loss from operations (non-GAAP)¹ was RMB42.3 million (US\$6.3 million) compared to an adjusted loss from operations of RMB51.0 million in the second quarter of 2021.
- Total Gross Merchandise Volume ("GMV<sup>2</sup>") increased by 10.3% to RMB8.6 billion from RMB7.8 billion in the second quarter of 2021. GMV for product sales increased by 15.8% to RMB2.2 billion from RMB1.9 billion in the second quarter of 2021. GMV for online marketplaces increased by 8.5% to RMB6.4 billion from RMB5.9 billion in the second quarter of 2021.
- Number of consumer products transacted<sup>3</sup> remained flat at 7.8 million compared to the second quarter of 2021.

Mr. Kerry Xuefeng Chen, the Founder, Chairman, and Chief Executive Officer of ATRenew, commented, "Despite the challenges posed by the COVID-19 resurgence, our quarterly revenue surpassed the guidance we provided, as our team proactively adjusted our operations to adapt to changes. Although our business is facing short-term headwinds from the pandemic, we firmly believe that the demand for electronic device recycling, trade-in, and other value-added services will grow concurrently with the long-term development of the circular economy in China. Going forward, we will continue to focus on executing our city-level integration strategy while constantly increasing the penetration of our recycling offerings. At the same time, we will maintain our investment in automation to improve cost efficiency. Furthermore, we will increase strategic investment in category expansion and corresponding capabilities while continuing to provide consumers with more diverse and convenient recycling services."

Mr. Rex Chen, the Chief Financial Officer of ATRenew, added, "The pandemic has disrupted domestic consumption and adversely impacted our self-operated store business as well as marketplace transactions. Facing such challenges,

- 1 See "Reconciliations of GAAP and Non-GAAP Results" for more information.
- <sup>2</sup> "GMV" represents the total dollar value of goods distributed to merchants and consumers through transactions on the Company's platform in a given period for which payments have been made, prior to returns and cancellations, excluding shipping cost but including sales tax.
- <sup>3</sup> "Number of consumer products transacted" represents the number of consumer products distributed to merchants and consumers through transactions on the Company's PJT Marketplace, Paipai Marketplace and other channels the Company operates in a given period, prior to returns and cancellations, excluding the number of consumer products collected through AHS Recycle; a single consumer product may be counted more than once according to the number of times it is transacted on PJT Marketplace, Paipai Marketplace and other channels the Company operates through the distribution process to end consumer.

we responded nimbly by adjusting our operating strategy and implementing cost control measures. As a result, our losses narrowed compared with the same period of last year. Since June, when cities including Shanghai and Beijing resumed normal production and daily life, our self-operated recycling and trade-in businesses went on a visible path to recovery. In addition, as of June 30, 2022, we have sufficient cash reserves to support our business in the face of a dynamic operating environment. Looking ahead, we plan to tap into new categories and further generate synergies from our city-level integration strategy. We look forward to expanding our market share and delivering long-term value to shareholders and society."

#### **Second Quarter 2022 Financial Results**

#### REVENUE

Total net revenues increased by 14.9% to RMB2,145.7 million (US\$320.3 million) from RMB1,867.7 million in the same period of 2021.

- Net product revenues increased by 15.6% to RMB1,854.1 million (US\$276.8 million) from RMB1,603.4 million in the same period of 2021. The increase was primarily attributable to an increase in the sourcing volume and the corresponding sales of pre-owned consumer electronics through Paipai Marketplace and the Company's overseas channels.
- Net service revenues increased by 10.3% to RMB291.6 million (US\$43.5 million) from RMB264.3 million in the same period of 2021. The increase was primarily due to the increases in transaction volume and monetization capability of PJT Marketplace.

#### **OPERATING COSTS AND EXPENSES**

Operating costs and expenses decreased by 2.2% to RMB2,327.4 million (US\$347.5 million) from RMB2,379.4 million in the same period of 2021.

- Merchandise costs increased by 18.5% to RMB1,653.8 million (US\$246.9 million) from RMB1,395.4 million in the same period of 2021. The increase was primarily due to the growth in product sales.
- Fulfillment expenses decreased by 0.1% to RMB275.2 million (US\$41.1 million) from RMB275.5 million in the same period of 2021. The decrease was primarily due to the decrease of share-based compensation expenses as the Company recognized more expenses with IPO condition in the same period of last year which was offset by the increases in operation center related expenses and personnel cost which were in line with the Company's business growth.
- Selling and marketing expenses decreased by 7.2% to RMB293.4 million (US\$43.8 million) from RMB316.3 million in the same period of 2021. The decrease was primarily due to (i) a decrease in sales promotion and coupon expenses as a cost control measure during the resurgence of the COVID-19 variants; and (ii) the decrease of share-based compensation expenses as the Company recognized more expenses with IPO condition in the same period of last year.
- General and administrative expenses decreased by 85.4% to RMB45.2 million (US\$6.8 million) from RMB310.3 million in the same period of 2021. The decrease was primarily due to the decrease of share-based compensation expenses as the Company recognized more expenses resulting from share-based awards granted with an IPO condition in the second quarter of 2021.
- Technology and content expenses decreased by 27.1% to RMB59.7 million (US\$8.9 million) from RMB81.9 million in the same period of 2021. The decrease was primarily due to the decrease in the recognition of share-

based compensation expenses resulting from options granted to employees with an IPO condition compared to the second quarter of 2021.

#### LOSS FROM OPERATIONS

Loss from operations decreased by 66.8% to RMB168.2 million (US\$25.1 million) from RMB507.3 million in the same period of 2021. Adjusted loss from operations (non-GAAP), excluding amortization of intangible assets and deferred cost resulting from assets and business acquisitions and recognition of share-based compensation expenses resulting from options and restricted stock units granted to employees, decreased by 17.1% to RMB42.3 million (US\$6.3 million) from RMB51.0 million in the same period of 2021.

#### **NET LOSS**

Net loss was RMB125.3 million (US\$18.7 million), compared to RMB505.7 million in the same period of 2021. Adjusted net loss (non-GAAP)<sup>1</sup> was RMB13.2 million (US\$2.0 million), compared to RMB59.7 million in the same period of 2021.

#### BASIC AND DILUTED NET LOSS PER ORDINARY SHARE

Basic and diluted net loss per ordinary share were RMB0.78 (US\$0.12), compared to RMB13.47 in the same period of 2021.

Adjusted basic and diluted net loss per ordinary share (non-GAAP)1 were RMB0.08 (US\$0.01), compared to RMB1.59 in the same period of 2021.

# CASH AND CASH EQUIVALENTS, RESTRICTED CASH, SHORT-TERM INVESTMENTS AND FUNDS RECEIVABLE FROM THIRD PARTY PAYMENT SERVICE PROVIDERS

Cash and cash equivalents, restricted cash, short-term investments and funds receivable from third party payment service providers increased to RMB2,594.1 million (US\$387.3 million) as of June 30, 2022, from RMB2,421.9 million as of December 31, 2021.

#### **Business Outlook**

For the third quarter of 2022, the Company currently expects its total revenues to be between RMB2,500.0 million and RMB2,550.0 million. This forecast only reflects the Company's current and preliminary views on the market and operational conditions, which are subject to change.

#### **Environment, Social, and Governance**

On June 9, 2022, ATRenew published its second annual environmental, social, and governance ("ESG") report (the "Report") incorporating the Task Force on Climate-related Financial Disclosures recommendations, a framework set by the G20's Financial Stability Board, for the first time. In the Report, the Company explores the climate-change-related opportunities and challenges it faces in its operation and reuse of pre-owned electronic devices through the perspectives of governance, strategy, risk management, and metrics and targets.

In order to help quantify its commitment to ESG, the Company has leveraged the Circular Footprint Formula for the first time to disclose its contribution of 464,000 metric tons of green-house gas emission reductions through reusing pre-owned mobile phones in 2021.

#### **Recent Development**

On December 28, 2021, ATRenew announced a share repurchase program, effective immediately, to repurchase up to US\$100 million of its shares over a twelve-month period. During the second quarter 2022, the Company

repurchased 2,881,811 American depositary shares ("ADSs") in the open market at an average price of US\$3.14 per ADS, with a total cash consideration of US\$9.0 million. As at the end of the second quarter 2022, the Company repurchased a total of 7,635,651 ADSs for approximately US\$31.5 million under its share repurchase program.

#### **About ATRenew Inc.**

Headquartered in Shanghai, ATRenew Inc. operates a leading technology-driven pre-owned consumer electronics transactions and services platform in China under the brand ATRenew. Since its inception in 2011, ATRenew has been on a mission to give a second life to all idle goods, addressing the environmental impact of pre-owned consumer electronics by facilitating recycling and trade-in services, and distributing the devices to prolong their lifecycle. ATRenew's open platform integrates C2B, B2B, and B2C capabilities to empower its online and offline services. Through its end-to-end coverage of the entire value chain and its proprietary inspection, grading, and pricing technologies, ATRenew sets the standard for China's pre-owned consumer electronics industry.

#### **Exchange Rate Information**

This announcement contains translations of certain RMB amounts into U.S. dollars at specified rates solely for the convenience of the reader. Unless otherwise noted, all translations from RMB to U.S. dollars are made at a rate of RMB6.6981 to US\$1.00, the exchange rate set forth in the H.10 statistical release of the Board of Governors of the Federal Reserve System as of June 30, 2022.

#### **Use of Non-GAAP Financial Measures**

The Company also uses certain non-GAAP financial measures in evaluating its business. For example, the Company uses adjusted loss from operations, adjusted net loss and adjusted net loss per ordinary share as supplemental measures to review and assess its financial and operating performance. The presentation of these non-GAAP financial measures is not intended to be considered in isolation, or as a substitute for the financial information prepared and presented in accordance with U.S. GAAP. Adjusted loss from operations is loss from operations excluding the impact of share-based compensation expenses and amortization of intangible assets and deferred cost resulting from assets and business acquisitions. Adjusted net loss is net loss excluding the impact of share-based compensation expenses, amortization of intangible assets and deferred cost resulting from assets and business acquisitions, fair value change

in warrant liabilities and tax effects of amortization of intangible assets and deferred cost resulting from assets and business acquisitions. Adjusted net loss per ordinary share is adjusted net loss attributable to ordinary shareholders divided by weighted average number of shares used in calculating net loss per ordinary share.

The Company presents non-GAAP financial measures because they are used by the Company's management to evaluate the Company's financial and operating performance and formulate business plans. The Company believes that adjusted loss from operations and adjusted net loss help identify underlying trends in the Company's business that could otherwise be distorted by the effect of certain expenses that are included in loss from operations and net loss. The Company also believes that the use of non-GAAP financial measures facilitates investors' assessment of the Company's operating performance. The Company believes that adjusted loss from operations and adjusted net loss provide useful information about the Company's operating results, enhance the overall understanding of the Company's past performance and future prospects and allow for greater visibility with respect to key metrics used by the Company's management in its financial and operational decision making.

The non-GAAP financial measures are not defined under U.S. GAAP and are not presented in accordance with U.S. GAAP. The non-GAAP financial measures have limitations as analytical tools. One of the key limitations of using non-GAAP financial measures is that they do not reflect all items of income and expense that affect the Company's operations. Share-based compensation expenses, amortization of intangible assets and deferred cost resulting from assets and business acquisitions, fair value change in warrant liabilities and tax effects of amortization of intangible assets and deferred cost resulting from assets and business acquisitions have been and may continue to be incurred in the Company's business and is not reflected in the presentation of non-GAAP financial measures. Further, the non-GAAP measures may differ from the non-GAAP measures used by other companies, including peer companies, potentially limiting the comparability of their financial results to the Company's. In light of the foregoing limitations, the non-GAAP financial measures for the period should not be considered in isolation from or as an alternative to loss from operations, net loss, and net loss attributable to ordinary shareholders per share, or other financial measures prepared in accordance with U.S. GAAP.

The Company compensates for these limitations by reconciling the non-GAAP financial measures to the nearest U.S. GAAP performance measures, which should be considered when evaluating the Company's performance. For reconciliations of these non-GAAP financial measures to the most directly comparable GAAP financial measures, please see the section of the accompanying tables titled, "Reconciliations of GAAP and Non-GAAP Results."
